Bombardier Aerospace is pleased to inform you that your facility is now approved as a Classification (C) Manufacturer Supplier. This approval is issued based on the desktop audit done May 31, 2004 and that your company will comply with QD 4.6-40: Bombardier Aerospace Requirements for Suppliers.

Bombardier Aerospace Quality may elect to audit your facility at any time during or prior to any contract in order to:

- Assure continuing compliance with contractual and quality requirements.
- Investigate any quality problems and assure that effective corrective action measures are implemented.
- Evaluate the effect of any change in facility, process, equipment, or management.

It is Bombardier Aerospace's policy to purchase only from approved suppliers who consistently meet our standards of quality and reliability. We look forward to a lasting relationship driven by a desire for continuous quality improvement.

Sincerely yours,

Subject: Approval

Sir,

Bombardier Aerospace is pleased to inform that your company is now approved as Classification (C) Manufacturer activities in accordance with the following limitations:

Limited to Learjet Aircraft Programs only

P/N: N221-9020 Titanium Sheet (AMS4902)

P/N: 2615269-23 301CRES Sht ¼ Hard (AMS5517)

This approval is issued on the condition that your company continues to comply with QD 4.6-40 latest issue: Bombardier Aerospace Requirements for Suppliers. Copy of the document can be found on the Bombardier Internet site at <http://www.aerospace.bombardier.com/>, "English", "Core Businesses", "Bombardier Aerospace", "suppliers", "Approved Suppliers". Please ask your Bombardier Sourcing / Logistic Agent for Logon & Password.

Bombardier Aerospace Quality may elect to audit your facility at any time during or prior to any contract in order to:

- Assure continuing compliance with contractual and quality requirements.
- Investigate any quality problems and assure that effective corrective action measures are implemented.
- Evaluate the effect of any change in facility, process, equipment, or management.

It is Bombardier Aerospace's policy to purchase only from approved suppliers who consistently meet our standards of quality and reliability. We look forward to a lasting relationship driven by a desire for continuous quality improvement.

SUBJECT: ALLEGHENY LUDLUM CORPORATION APPROVAL FOR TITANIUM SHEET AND PLATE

Dee M. Xenakis,

The following letter is to inform you that Allegheny Ludlum Corporation is approved to supply titanium sheet and plate material for Canadair Programs certified to the material specifications listed below, and will be so listed in the Canadair Engineering Materials Control Manual (EMCM-001). The material specifications and plant sites to which Allegheny Ludlum will be approved for are as follows:

<u>Material Specifications</u>	<u>Plant Sites</u>
MIL-T-9046: (Titanium and Titanium (Sheet, Strip and Plate)	Brackenridge Washington Vandergrift
AMS 4900: (Titanium Sheet, Strip and Plate, Commercially Pure, Annealed, 55 ksi)	Brackenridge Washington Vandergrift
AMS 4901: (Titanium Sheet, Strip and Plate, Commercially Pure, Annealed, 70 ksi)	Brackenridge Washington Vandergrift

Please note that the Bombardier Aerospace Montreal system makes the Supplier of raw materials totally responsible for the conformance of the parts supplied. This means that we will consider Allegheny Ludlum Corporation responsible for all the manufacturing processes of raw titanium stock. If these are performed by an outside supplier, then Allegheny Ludlum Corporation need to make sure that the supplier's work is in conformity with the applicable industry specifications, and records of any audits performed must be kept on file at Allegheny Ludlum Corporation.

Yours truly

Andrew Di Chiro, M. Eng.
