Subject: EU Candidate List of Substances of Very High Concern

The following is Allegheny Ludlum's statement regarding the European Union Candidate List of Substances of Very High Concern:

Allegheny Ludlum' products do not contain any significant amounts of the chemical compounds on the Candidate List of Substances of Very High Concern (SVHCs) and the maximum concentration values for such substances in homogenous materials are far below the 0.1% regulatory limit.

Allegheny Ludlum products are compliant with the European Union SVHC regulations.

Sincerely,
